Mid-Year Progress

Mid-Year Progress Report

Develop New Kinesiology Activity Courses for ESCC Campus

Department Faculty discussed and worked with a specific course designed for ESCC. It has not made it through the curriculum process because of needed details to be worked out with respect to course content. This will be an ongoing goal through next year.

Examine Feasibility of Offering a Fitness Certificate

Department Faculty continue to examine the possibility of adding a fitness certificate to the college curriculum. Ms. Kimberly Kelly has been working on this item and hopes to have a solid proposal by fall of 2016.

Equipment Replacement Plan

Six year equipment replacement plan was developed by Department Faculty and submitted along with the 2015-16 Annual Unit Plan. It contains a detailing of costs, purchases by year and recommended implementation in 2015-16.
