This increase represents the commitment made to
support building a college level art lab at TEC. The
provided estimate of needs was \$42,970. At this time, close to \$12000 of that estimate has been met. The
AUP requested \$34000.
This has consistently been spent out at \$700. AUP

This was \$500, but we have not spent this in the last 3
years. It should go to other areas.
Addition of faculty also increases the classes offered which require more materials.
This was \$500, however, to support new faculty and
lab, at least 8 trips a year are anticipated.

If available, SEA funds can still be used to pay for these services. 2) Minimum wage increases each year until it reaches \$15.00/hr. In January of 2020, the minimum wage will raise to \$13.00 and in 2021 to \$14.00/hr making the average dollar per hour rate for the academic year \$13.50. To provide the level of support offered during this year, the cost would be \$26,217. [\$22,335 / 11.50 (avg. wage for academic year) = 1942 (hours of service] > [1942 hours x \$13.50 (new avg wage for 2020-21) = \$26,217 dollar amount for equal services with new minimum wage] 3) Expansion of embedded tutoring in to first-year courses - using the current model, embedded tutoring costs approximately \$2,000 per section. In the Fall 2019, at IWV, 4 sections had embedded tutor support. This request was developed estimating the same level of service, not an increase. This support was funded completely out of SEA funds.
